Mariners Executive Vice President and General Manager Bill Bavasi.

OFFICERS

HOWARD LINCOLN

Chairman & Chief Executive Officer

A key player in the formation of the ownership group that saved the Mariners for Seattle in 1992, Howard Lincoln was named Chairman and Chief Executive Officer on September 27, 1999.

On February 14, 2000 Lincoln retired from his position as chairman of Nintendo of America, Inc. to devote his full efforts to the Mariners. Lincoln joined Nintendo as its senior vice president and general counsel in January 1983. In February 1994, he was elected to the board of Nintendo of America, Inc. and appointed chairman of the company.

Philanthropy plays an important role in Lincoln's life. In addition to his strong support of the Mariners Care Foundation, he serves as chairman of the Children's Hospital Corporate Leadership Council, and is the Campaign Chair of United Way of King County's 2003/04 Annual Campaign. Lincoln is also a board member of The Washington Roundtable, the Corporate Council for the Arts, the Bellevue Boys & Girls Club, the Pacific Science Center, the Chief Seattle Council of the Boy Scouts and the Children's Hospital Foundation.

Lincoln is a graduate of the University of California of Berkeley, and holds a law degree from Boalt Hall, the University of California School of Law. Following graduation from law school, Lincoln served as a Lieutenant in the U.S. Navy Judge Advocate General's Corps from 1966 to 1970. He practiced law in Seattle from 1970 to 1983. He and his wife, Grace, have one son, Brad, and grandson, Ethan.

CHUCK ARMSTRONG

President & Chief Operating Officer

Chuck Armstrong was named President and Chief Operating Officer of the Seattle Mariners on June 29, 1992. Armstrong is responsible for all operations of the Mariners' franchise and works directly with CEO Howard Lincoln.

Armstrong was previously president of the Mariners from 1983 to 1989. He also served as Interim Athletic Director for the University of Washington in 1991.

Since rejoining the Mariners in 1992, Armstrong has successfully led the expansion of the front office as the Club made its move into Safeco Field, hosted the 2001 All-Star Game and has become a business model for all of baseball. Under his leadership, the Mariners front office organization is recognized as one of baseball's best.

Born and raised in Louisville, Armstrong earned a B.S. degree in Industrial Engineering in 1964 from Purdue University where he was recognized as Outstanding Senior Man. He graduated from Stanford University Law School in 1967 and then served over three years on active duty in the U.S. Navy.

Following his tour in the Navy, Armstrong joined a major West Coast law firm in 1970. He left to become president of a leading national furniture manufacturer and importer from 1977 to 1980. From 1980 to 1983, he served as president and chief executive officer of Arnel Management, an Orange County, CA real estate investment company.

Armstrong and his wife, Susan, make their home in Medina. They have three children: daughters Dorrie and Katherine; and a son, Chuck. The Armstrongs are active in numerous civic and charitable activities.

JOHN ELLIS

Chairman Emeritus

A life-long resident of the Seattle area, John Ellis helped lead the efforts to keep Major League Baseball in the Pacific Northwest. Upon transfer of the Mariners franchise to the new ownership group, Ellis became its first chairman and CEO, serving from June 29, 1992 until Sept. 27, 1999 when he was named Chairman Emeritus. Ellis continues as a member of the Mariners Board of Directors. During the seven full seasons of his tenure, the Mariners only finished below .500 once, while winning two Division titles and narrowly missing a third. In addition, community and fan support improved enormously during this time — attendance grew from 1,651,398 in 1992 to 3,507,975 in 2001. The greatest accomplishment under his leadership was the construction of our world-class ballpark, Safeco Field.

In June, 1999 Ellis was unanimously elected to the MLB Executive Council. He's currently chair of its Compensation & Finance Committee. He also serves on the International and Ownership Committees. John served variously as President, CEO and Chairman of the Board of Puget Sound Power & Light Company (now Puget Sound Energy) from 1970 to his retirement in 1993. He also uniquely served both as Chair of the Board of Trustees of Seattle University and the Board of Regents of Washington State University. He's been the recipient of numerous awards – most recently having been named one of the U. of W.'s 100 outstanding graduates during the 20th century. He and his wife Doris have 4 children and 8 grandchildren – all Mariners fans.

Pelekoudas was drafted out of Homestead (Sunnyvale, CA) High School in 1969 by the Montreal Expos in the 23rd round of the draft, but chose to attend Arizona State University where he was a three-year letterwinning pitcher (1970-72). He was a member of the 1972 Sun Devils club that went to the College World Series and posted a 64-6 record. He graduated from A.S.U. in 1973 with a degree in journalism. NAMING THE MARINERS

The nickname "Mariners" was selected by the ownership of the Seattle franchise after a "Name the Team Contest" that resulted in over 15,000 entries and over 600 different names being submitted.

When the name "Mariners" was chosen, all the entries suggesting the name were reviewed for their reasons (in 25 words or less).

The winner was Roger Szmodis of Bellevue, WA. His entry read "I've selected Mariners because of the natural association between the sea and Seattle and her people, who have been challenged and rewarded by it."

Guidelines for Selection to the Mariners' Hall of Fame

The Mariners Hall of Fame was established in 1997 to honor the great players and other individuals who make positive contributions to the history of the Mariners franchise.

I. **Eligible Candidates -** To be eligible for consideration, uniformed personnel (player, manager or coach) should meet the following requirements:
   - **A.** Active in a Mariners' uniform for at least five seasons;
   - **B.** Ceased to be active in the Major Leagues at least two seasons preceding the selection, but may be otherwise connected with baseball.

   To be eligible for consideration, non-uniformed personnel should meet the following requirements:
   - **A.** Full-time employee of the Mariners for at least five seasons.
   - **B.** Made significant contributions to Mariners Baseball and the franchise, either on or off the field.

II. **Method of Selection** – The Board of Directors of the Baseball Club of Seattle, Inc., at the recommendation of the Chief Executive Officer and the President of the Mariners, the front office, uniformed personnel, the media and fans, shall in their sole discretion determine who will be selected on an annual basis.

III. **Criteria for Selection –** The primary criterion for inclusion in the Mariners Hall of Fame shall be the on-field impact a player had while in a Mariners' uniform. The measure of a player's impact shall primarily be the statistical record created by the player.

   The Mariners will consider other factors, such as:
   1. Statistical impact on the field while in a non-Mariners uniform, whether before or after his tenure with the Mariners;
   2. A player's positive impact on the Northwest community outside the game of baseball; and
   3. A player's positive impact in enhancing the image of the Seattle Mariners or Major League Baseball.

IV. **Time of Selection** – The selection process will be conducted during the first quarter of each calendar year. If an individual is selected, it will be announced within the first two months of that regular baseball season.

V. **Retirement of uniform number** – The Mariners plan to retire uniform numbers only very selectively and subject to substantially higher expectations than those applied to the Mariners' Hall of Fame. To be eligible to have one's number retired, the former Mariners should have either **a)** been elected to the National Baseball Hall of Fame and been in a Mariner's uniform for at least five years, or **b)** come close to such election and have spent substantially his entire career with the Mariners. Eligibility shall not commence until after the former player has been voted on once for the National Baseball Hall of Fame, which for all practical purposes means six years after retirement. In this regard, the Mariners will take into consideration the policy of other American League clubs in retiring uniform numbers.

VI. **Amendments** – The Seattle Mariners reserve the right to alter and amend these guidelines at any time.

EVERYBODY WINS...All five Mariners starters won at least 10 games in 2003...it is only the second time in club history Seattle has had five pitchers reach double figures in wins; the only other time Seattle turned the trick was in 2001, when Jamie Moyer, Freddy Garcia, Paul Abbott, John Halama and Aaron Sele all reached at least 10...Seattle has had four double-figure winners four times (1991, '93, '97 and 2002)...

200 AGAIN...Ichiro Suzuki had 212 hits in 2003, his third consecutive 200+ hit season...only two other players in Major League history have collected 200 or more hits in each of their first three seasons: Lloyd Waner (1927-29) collected 223+221+234 and Johnny Pesky (1942; 46-47) had 205+208+207...Ichiro also had a 200 hit season in Japan (210 hits in 1994) despite the shorter schedule (he collected 210 hits in 130 games that year)...only three Mariners players (now 6x) have collected 200 hits in a season: Ichiro (2001-03), Alex Rodriguez (1996, 1998) and Bret Boone (2001)...

L. Waner 678...2. Ichiro 662...3. Paul Waner (1926-28) 640...4. Al Simmons (1924-27) 635...5. Johnny Pesky (1942; 46-47) 620...

VS. THE WEST...at 33-25, Seattle finished with the second-best head-to-head mark in the West versus teams within the division...the club was 34-24 overall vs. Western Division foes in 2002 and has played .500 or better against the division in eight of the 10 years since re-alignment...here's a look at Seattle's record vs. West since 1994:

vs. AL West	1994-2003	2003	2002	2001	2000	1999	1998	1997	1996	1995	1994

90 CLUB...for the second straight season, Seattle won 93 games but did not advance to the postseason...since the advent of three division play in 1994, four AL teams have won 90 games and NOT made the playoffs...the 2003 & 2002 Mariners are joined by the 2002 Red Sox and the 2000 Cleveland Indians...in fact, in the past 18 years only 13 AL teams have won 90 or more games and not advanced to the postseason (see box)...

THEY ALL COUNT...Seattle has played just 35 "meaningless" games in the past nine years...since the start of the 1995 season, the Mariners have taken the field after being elminated from the Division and wild-card race only 35 times in 1,441 games...here's a look:

A CAPSULE HISTORY OF PROFESSIONAL BASEBALL IN SEATTLE

1890 The first professional baseball team in Seattle was organized. The Seattle Reds played in the Class-C Pacific Northwest League.

1892 The Reds (first-half champions) won the P.N.L. Pennant when the Portland club declined to enter the playoffs because of financial problems.

1896 Club was re-named "Braves" and moved into its first stadium (Athletic Park – 14th and Yesler).

1903 The Pacific Coast League was formed and Seattle was a charter member. Thus, Seattle had two professional baseball teams for one season (the Braves were now in the Pacific National League and folded after one year).

1906-17 Seattle ended its membership in the P.C.L. and joined the Class-B Northwestern League.

1919 Seattle re-joined the Pacific Coast League. The club was named "Indians" and played a 225-game schedule (the extended season format continued through the 1957 P.C.L. season).

1937 Emil Sick bought the Seattle franchise for $115,000 and immediately changed the nickname to "Rainiers" (Sick also owned and operated the Rainier Brewing Company).

1938 On June 15, the Rainiers moved into the newly-built Sicks' Stadium (seating capacity of 11,500). Local sports hero Fred Hutchinson began his rookie season and posted a 25-7 record.

1939-41 The Rainiers won three consecutive P.C.L. pennants.

1955 Hutchinson returned as manager of the Rainiers and led the club to another P.C.L. crown. In addition, the first official proposition for a domed stadium in Seattle was made (bond issues for the project failed in 1960 and 1964).

1960 Sick sold the club to the Boston Red Sox. Seattle became the Red Sox triple-A affiliate.

1965-68 The California Angels purchased the club and Bob Lemon managed Seattle to its last baseball championship.

1967 Public approval was given for funds needed to build a domed stadium (completion was scheduled to be prior to the 1972 season).

1969 The Seattle Pilots came into existence and began to play in the American League. Sicks' Stadium was expanded to seat 28,500, and 677,944 fans came out to watch the 64-98 expansion team. Third baseman Tommy Harper led the junior circuit with 73 stolen bases.

1970 On March 31, financial difficulties forced the Pilots to move to Milwaukee (club was re-named "Brewers"). Plans to build a domed stadium were temporarily interrupted.

1972-76 Seattle fielded a team in the class-A Northwest League.

1977 On April 6, Major League Baseball returned to Seattle when the Mariners played the California Angels before a Kingdome crowd of 57,762. The Mariners starting pitcher that night was Diego Segui, a member of the 1969 Pilots.

1995 On October 2, Seattle won its first American League West pennant.

1997 On September 23, Seattle won its second American League West pennant.

1999 On June 27, Seattle played their final game in the Kingdome defeating Texas 5-2.

1999 On July 15, Seattle played their first game in Safeco Field against the San Diego Padres, losing 3-2.

2000 On October 1, Seattle won the AL Wild Card.

2001 On September 19, Seattle won its third American League West pennant.

2001 On October 6, Seattle tied a ML record by recording its 116th win of the season.

HOW TO FIGURE

Batting Average — Divide the total number of hits collected by a player by the total number of at bats. Example: Player A is 12-of-40 or .300.

Slugging Percentage — Divide the number of total bases by the total number of at bats. Example: Player A's 12 hits include six singles (6), one double (2), two triples (6) and three home runs (12) for a total of 26 total bases in 40 at bats and a .650 slugging percentage.

On-Base Percentage — Divide the total of hits, all bases on balls and hit by pitch by the total of at bats, all bases on balls, hit by pitch and sacrifice flies.

Earned Run Average — The total number of earned runs allowed by a pitcher is divided by the total number of innings pitched and then multiplied by nine for his per-game average. Example: Pitcher B has allowed 12 earned runs in 45 innings of work for a 2.40 ERA.

Fielding Average — The sum of putouts and assists is divided by the sum of putouts, assists and errors. Example: Player C has made 16 putouts and 24 assists and two errors. That's 40 putouts and assists divided by 42 chances for a fielding average of .952.

Magic Number — Determine the number of games yet to be played by the division leader, add one, then subtract the number of games ahead in the loss column of the standings from the closest opponent.

SAFECO FIELD

In 2003, the Seattle Mariners again drew over three million fans to Safeco Field, second among all Major League Baseball teams, and the fourth consecutive time the team has passed the 3,000,000 mark for total attendance.

Since the Inaugural Game on July 15, 1999, Safeco Field has become known as a great place to watch baseball. Sweeping views of Puget Sound and the downtown Seattle skyline combine with excellent sight lines from all seats give fans an experience that is unequalled in Major League Baseball.

Safeco Field's openness invites fans to enjoy games from many different vantage points on the Main Concourse and upper deck. The Bullpen Market in Center Field attracts thousands of fans with its festive atmosphere before and during games. Fans can also make a complete circle around the field without losing sight of the action on the field.

FANS COME FIRST

Fan comfort and convenience were top considerations in the design and construction of Safeco Field. Wide concourses, leg room, excellent sight lines, seats angled toward the field, plenty of bathrooms and concession stands all combine to provide fans with a first-class experience.

THE ROOF

The ballpark's one-of-a-kind retractable roof is designed to cover but not enclose the ballpark, thus preserving an open-air environment. The structure covers nearly 9 acres, weighs 22 million pounds, and contains enough steel to build a skyscraper 55 stories tall. The three movable panels glide on 128 steel wheels powered by 96 ten horsepower electric motors. A push of a button closes or opens the roof in an average of 10-20 minutes (depending on wind and other weather conditions). The roof is self-grounded (in the event of lightning strikes) and is designed to withstand 6-7 ft. of snow and sustained winds of up to 70 mph.

SCOREBOARD SYSTEM

Safeco Field features one of the most comprehensive scoreboard systems in Major League Baseball, including 11 electronic displays and an **old-fashioned hand-operated scoreboard** in left field. The **main scoreboard** in center field features a huge state-of-the-

art LED technology video screen and matrix board for display of graphics and animation. The **out-of-town scoreboard** in left field displays current inning scores of games in progress from around the Major Leagues. Two, first-of-their-kind **play-by-play** boards along the first and third base lines display running summaries of plays to help fans follow the action. Four **auxiliary** boards display player at-bat information, pitch speed and type, and additional game-in-progress information.

PLAYING FIELD

Safeco Field's playing surface is a **custom designed state-of-the-art field**. It features a **specially designed drainage system** and a custom blend of four kinds of **Kentucky bluegrass** and two kinds of **perennial ryegrass** to provide the optimal playing surface for the athletes, the retractable roof, and the Northwest climate. The drainage system includes layers of drainage pipe, pea gravel, sand, and grass. A spider web of one-inch plastic hose can circulate hot water under the grass to bring it out of dormancy in time for Opening Day, and also compensate for shade and low levels of direct sunlight.

CONCESSIONS AND RESTAURANTS

Safeco Field's concession and catering services are provided by Volume Services America, one of the nation's largest providers of food, catering, merchandise and facility management services for sports, convention and entertainment venues. A variety of fresh, high-quality foods from the Northwest and around the world are available to fans at concession stands and restaurants throughout the ballpark. Offerings include the **Hit It Here Café, Bullpen Pub,** and **AVAYA Terrace Club** & **Elliott Hotel Diamond Club** members-only lounges. In addition, **Group Suites** can accommodate groups of from 40 to 320 people, and feature in-door and out-door seating, and food and beverage catering.

SPECIAL FEATURES

The ballpark offers a number of exciting areas for fans. **The Bullpen Market**, located behind left field, features interactive games and activities for fans, as well as the **Fan Walk** personalized bricks, local food vendors, an open pit barbecue, and one of the best views of the game from behind the centerfield fence.

Lookout Landing, at the end of the left field line on the Upper Deck, provides incredible views both inside and outside the ballpark.

The Outside Corner Picnic Patio, directly above the Home Plate Gate entrance, is a gathering spot that provides fans with breathtaking views over Puget Sound, as well as tables and benches for picnic lunches.

Children's Hospital Playfield, located on the Main Concourse in center field, lets kids work off excess energy on fun, baseball-theme playground equipment. Outside the Playfield is the **Wizard's of the Coast/Children's Hospital Wishing Well**, where fans can donate coins to benefit Pacific Northwest patients and families.

The flagship **Mariners Team Store** is open year-round, seven days a week, offering the world's largest selection of Mariners apparel and merchandise for men, women, and children.

Works of art by 11 artists from the Northwest are integrated into the design of the ballpark and parking garage in an ambitious $1.3 million **Public Art Program**. The varied installations include a sculpture of 1,000 translucent bats suspended above the grand staircase at the Home Plate Gate and a huge bronze mitt outside the Left Field Gate.

Kingdome Farewell

After 22-and-a-half years, the Seattle Mariners said farewell to the Kingdome on Sunday, June 27, 1999. A sold-out crowd of 56,530 fans watched the Mariners defeat the Texas Rangers 5-2. A post-game ceremony featured a ceremonial "final pitch" in the Kingdome, as Bob "Scrap Iron" Stinson caught a pitch tossed by Cory Segui, the grandson of Diego Segui. Segui and Stinson made up the starting battery of the Mariners inaugural game on April 6, 1977. Mariners Legends who participated in the post-game ceremony included Hall of Famer Gaylord Perry, Ruppert Jones, Alvin Davis, Julio Cruz and Harold Reynolds.

GROUND RULES

Photographer's Areas

The ball is "in play" if it hits any of the railings defining the photographer wells and bounces back onto the playing field. The vertical rails in the middle of the wells are considered in the wells and are out of play.

Ball Hitting Roof Trusses

A batted ball hitting a roof truss in fair territory shall be judged fair or foul in relation to where it lands or is touched by a fielder. If caught by a fielder, the batter is out and base runners advance at their own risk.

A batted ball hitting a roof truss in foul territory is a foul ball, regardless of where it lands or is touched by a fielder. If caught by a fielder, the batter is out and the base runners advance at their own risk.

Outfield Area

The hand-operated scoreboard in left field is part of the left field fence. A ball must clear the scoreboard (defined by yellow horizontal line) to be a home run. If a batted ball hits the cyclone fence under the scoreboard and above the padded wall, and the ball lodges behind the padded wall, it shall be ruled a ground-rule double whether it lodges behind the wall on the fly or on a bounce.

The ladder and the handle attached to and to the right of the scoreboard are beyond the padded wall. A fly ball striking either the ladder or handle shall be ruled a home run.

Dugouts

A ball must enter the dugout to be considered a dead ball.

Movement of Roof

If a game is started with the roof closed, it may be opened when, in the opinion of the home club, climactic conditions warrant such opening. However, roof may be opened only once during a game and shall commence only between innings after the umpire crew chief has been notified. Prior to opening of roof, the visiting club may challenge the opening if it feels a competitive imbalance will arise. The crew chief will make a final decision based on the merits of the challenge.

If a game is started with the roof open, it may be closed during the game. The decision to close the roof shall be made by the home club, and may be made solely for the comfort of its fans. Play will continue during roof closure if possible. However, the umpires have the right to stop play during this process if they determine it is necessary to do so.

These policies may be modified from time to time as more experience is gained with the roof and its impact on play

PEORIA SPORTS COMPLEX

The City of Peoria, the Seattle Mariners and the San Diego Padres proudly opened baseball's best spring training facility in 1994. Located 20 miles northwest of downtown Phoenix, the 145-acre Peoria Sports Complex provides separate practice facilities for the Padres and Mariners that include 6-1/2 practice fields, batting cages and a clubhouse.

Peoria Stadium, which was designed by HOK Sports Group of Kansas City, is the jewel of the $32-million complex and accommodates 11,000 fans (8,000 seats and 3,000 on lawn). Dimensions for the park are 340 ft. down each line, 385 ft. in the power alleys and 410 ft. to center.

Peoria is only the second spring training site in Mariners history, as the club trained in Tempe from 1977-92. Seattle played all road games in 1993, but used the Peoria facility for morning workouts as it was under construction.

DIRECTIONS: Take Bell Road exit off I-17 north; travel west to 83rd Avenue; travel south and enter facility at Stadium Way.

Entering the 2004 season, he has witnessed 4,119 of the 4,189 games played by the Mariners. He is recognized as one of the best and most exciting broadcasters in the game. In November of 2003, Niehaus was nominated by national vote of the fans for the Ford Frick Award for induction into the National Baseball Hall of Fame. Niehaus threw out the Ceremonial First Pitch for the Inaugural Game at Safeco Field (July 15, 1999). JULIO CRUZ, 48, will begin his second season of broadcasting on the Spanish Radio Network. He began his Major League baseball career with the Mariners in the inaugural 1977 season. He was selected by the Mariners in the 1976 Expansion Draft from the Californian Angels organization. In his seven seasons with the Mariners, the former second baseman was outstanding defensively and one of the best baserunners in the game. Nicknamed "Cruzer" or "Juice", he still holds the Mariner team record for stolen bases with 290. Other career highlights include his American League record tying string of 32 consecutive stolen bases spanning the 1980-81 seasons. Cruz is also in the top-ten of three other Mariner all-time leader boards, including Games Played (10th all time with 742); At Bats (9th, 2,667); Runs (8th, 402).

A resident of Bellevue, WA, Cruz coaches baseball at Eastside Catholic High School with former Mariner Bill Caudill. Cruz and his wife Rebecca have three children, Austin, Alex and Jourdan.
